

Make Your Own Paper Folded Bird!

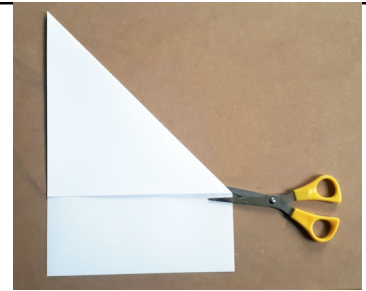

Materials Required: 1 x A4 paper, scissors, colouring pens/pencils, ruler (optional)

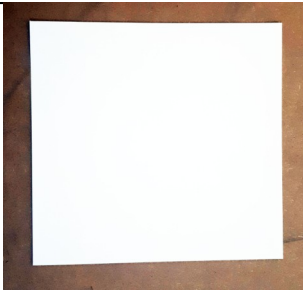

1. Begin with an A4 piece of paper.

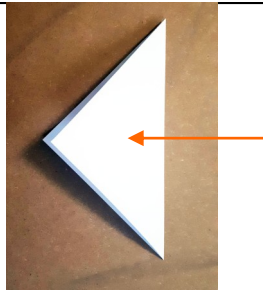

2. Bring one corner down to the long edge to form a right angle triangle.

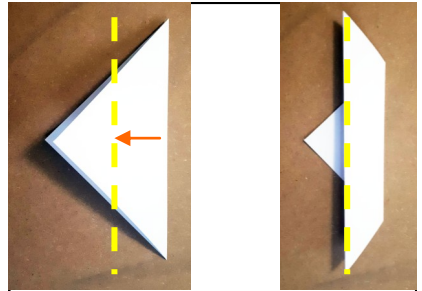

3. Cut the rectangle off using scissors. You may wish to use ruler here!

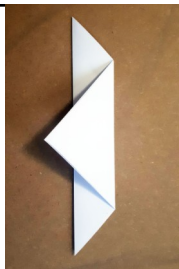

4. Open up the triangle into a square.

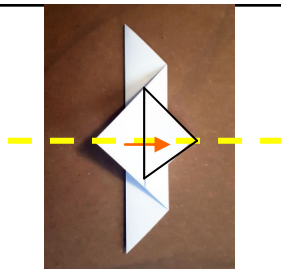

5. Fold in half by bringing corner to corner.

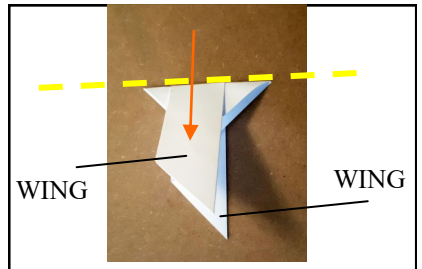

6. Fold by bringing the right hand edge to the dashed line as shown.

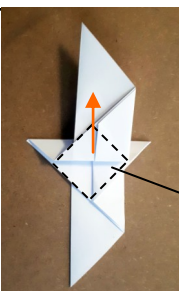

7. Turn the paper over to see the above.

8. Take the left corner of the top layer of the triangle and fold it to the right, as shown.

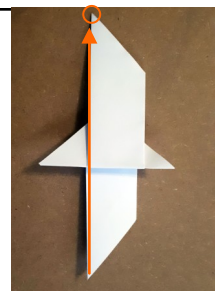

9. Then fold in half horizontally as shown. Make sure the wings match up.

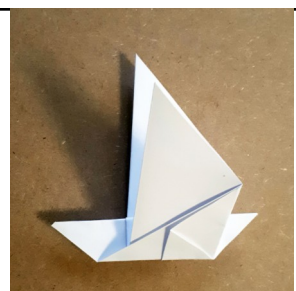

10. Then fold that same flap back upwards like this

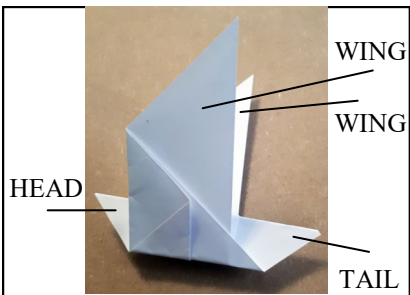

You should see this

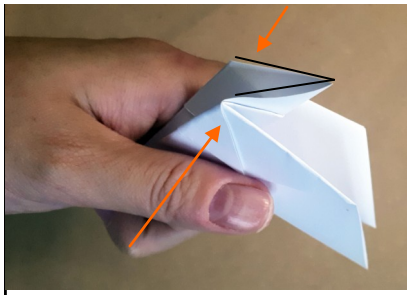

11. Fold the other wing backwards, so that the

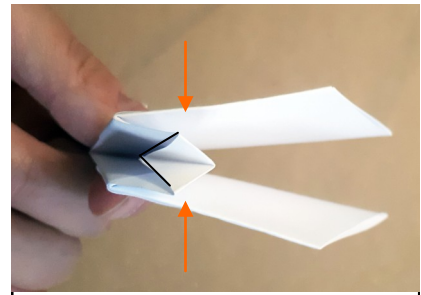

12. You should now have this.

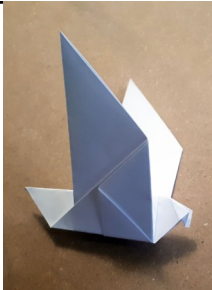

13. Turn it over. See above.

14. Push the centre of the head in on itself...

15. ...and flatten.

16. ...Hooray! You now have a bird!

17. You can now decorate your bird with pens by drawing in the eyes and colouring in the beak! :-)
